REMARKS

This is a full and timely response to the final Office Action mailed June 11, 2008. Reconsideration and allowance of the application and presently pending claims are respectfully requested.

Present Status of Patent Application

Claims 1-12, 14-18, and 21-28 are pending in the present application. Of these pending claims, claims 1, 7, and 26 have been currently amended without introduction of new matter. Reconsideration and allowance of the application and presently pending claims are respectfully requested.

Indication of Allowable Subject Matter

Applicants thank Examiner for indicating that claims 10-12, 14-18, and 21-25 have been allowed, and that claims 4, 5, and 7 would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claim. Accordingly, Applicants have amended claim 1 so as to incorporate the subject matter of claim 4 in its entirety, thereby placing independent claim 1 (as well as all its dependent claims, including claims 5 and 7) in condition for allowance.

Claim Rejections under 35 U.S.C. §102

Statement of the Rejection

Claims 26-28 remain rejected under 35 U.S.C. 102(b) as being anticipated by Elmore et al., US Patent Publication 2006/0059107, filed 3/30/2001, published 3/16/2006 (hereinafter Elmore).

Response to the Rejection

Claim 26

In an effort to move forward prosecution in the case, Applicants have opted to amend claim 26 so as to include subject matter from claim 4 that has been indicated as allowable.

Consequently, Applicants respectfully submit that claim 26 is allowable over the cited prior art (at least in currently amended form), and hereby request withdrawal of the rejection followed by allowance of the claim.

Claims 27 and 28

Applicants respectfully submit that claims 27 and 28 are at least allowable by law due to their dependency on allowable claim 26. *In re Fine*, 837 F.2d 1071 (Fed. Cir. 1988). Consequently, Applicants respectfully request withdrawal of the rejection, followed by allowance of claims 27 and 28.

Claim Rejections under 35 U.S.C. §103

Statement of the Rejection

Claims 1-3, 6, 8, and 9 are rejected under 35 U.S.C. 103(a) as being unpatentable over Elmore.

Response to the Rejection

Claim 1

As pointed out above, Applicants have currently amended claim 1 so as to incorporate the subject matter of claim 4 in its entirety, thereby placing independent claim 1 in condition for allowance. Consequently, Applicants respectfully request withdrawal of the rejection, followed by allowance of claim 1.

Claims 2, 3, 6, 8, and 9

Applicants respectfully submit that claims 2, 3, 6, 8, and 9 are at least allowable by law due to their dependency on allowable claim 1. Consequently, Applicants respectfully request withdrawal of the rejection, followed by allowance of these claims.

Cited Art Made of Record

The prior art made of record has been considered, but is not believed to affect the patentability of the presently pending claims.
